The specified values were determined in accordance with the required test procedures. The figures do not refer to a particular individual vehicle, but are intended solely as a basis for comparison between different types of vehicle. The actual consumption may be different and depends, in particular, on special equipment, vehicle loading, driving style, road and traffic conditions, environmental conditions and the state of the vehicle.

The figures are not available for all export versions. In this case, the fields contain place holders, for example 99.9.
