Drill off one broken wheel nut, all were far too tight, suspect someone has put them on with an air gun, which are too powerful for these nuts
Replacement nut, good used

£20.00

Total

£105.00

Notes;

Wheel nuts on these cars must NEVER be put on with air powered guns, they are far too fierce and overtighten the nuts, potentially dangerous or costly if they snap and have to be drilled off.
