Unless exact records have been kept, NMR is dependant upon previous keepers being able to remember the mileage of the vehicle at the time they bought and sold it. Some previous keepers only have a vague recollection of mileages and it is therefore inevitable that small insignificant anomalies are indicated from time to time. Zero mileages with 'Unknown' accuracy indicate that mileage details were not known.

Checked and Investigation Initiated

NO MILEAGE DISCREPANCY IS CURRENTLY INDICATED BY THE NATIONAL MILEAGE REGISTER.

Unique Reference Number: 2326344716

This certificate tells you whether this vehicle has been given the 'all clear' by hpi after a comprehensive search on the following registers:

VIN Match

Compares the vehicle Registration Mark (VRM) against the Vehicle Identification Number (VIN) where your dealer has provided both to try to detect a ring or clone, or a stolen vehicle with a false identity.

Vehicle Identity

Does the vehicle match the description recorded by the DVLA? Details of all road registered vehicles are recorded at hpi and the hpi check reflects information recorded on the vehicle's official V5 document.

First Registration

hpi confirms the vehicle's first date of registration in the UK to help establish the true value of the vehicle.

Outstanding Finance

Over half of new cars are bought using finance agreements, making them the property of the finance company until the debt is cleared. hpi has over 75 million records on this register, against which this vehicle has been searched to highlight any outstanding debt.

Condition Alert

Has a car been written off by an insurance company following damage or theft? hpi registers 40,000 write-offs every month. Each hpi check searches over 14 million records to make sure the vehicle is not a total loss or now belongs to an insurer.

Condition Inspected

hpi has a unique register of former damaged write-off vehicles. Have passed an inspection against a Technician approved standard to confirm the integrity of the repairs.

Stolen Vehicles

Any vehicle currently recorded by the police as stolen is highlighted in the search.

Security Watch

Some vehicles such as hire cars, are at special risk from fraud or theft. This register checks for vehicles that are flagged as 'at risk' and bring offered for sale without the owner's consent.

Plate Transfer

Plate transfers are perfectly legal but can be used to cover a dubious past. A hpi check will automatically pinpoint all plate transfers since April 1990 and make sure that none of the prior identities have anything to hide.

Mileage

The National Mileage Register (NMR), with over 200 million readings, can help reveal discrepancies in a vehicle's mileage history.

Speak to a member of our team about running your own hpi check. Call us on: 0845 300 8905 (Mon-Fri 9am-5pm, Sat 9am-5pm)

hpi checks are not transferable. The results shown above, for the VRM or VIN provided, were believed to be correct on the date and time they were supplied to the hpi subscriber whose name appears above. These details are very likely to change over time. To conduct your own hpi check, with a £30, 900 guarantee, visit www.hpicheck.com or call 0845 300 8905.
