Pickering Cars can confirm after speaking with Sinclair LandRover  
The "Mileage Discrepancy" On Experian report is clearly a input error

Attached is a Email confirmation of this from Sinclair LandRover  
Although there letter suggest Keyboard error it is better explained as  
Kilometres - Miles Error

This vehicle has been driven to Germany on several occasions this can  
be seen with Tyre receipts attached. It is clear that whilst driving in  
Europe the speedo setting would be changed to Kilometre

3 UK Mot's have been entered in Kilometres The conversation back to  
Miles is correct

Pickering Cars have also sent this letter and paperwork to Experian to up  
date there record

All Land Rover Services Dates And Mileages all correspond

Hi Robert, this was noticed earlier on today so I have done some investigating ;

The service history photo'd was found in the car, but a quick topix search finds it has been amended and updated, this will be attached

MOT

32,312 – 1 nov 2021

73,038 – 26 oct 2022 *73,038 km's = 45,383 miles.*

58,119 – 5 sept 2023

72,915 – 3 sept 2024

88,958 – 6 oct 2025

And from the service history it looks like it should have begun with a 4 (as the service was 41,753 on 21/7/2022) , which makes sense, as on a laptop the 4 and 7 are next to each other on the keyboard on the right  
So, I would say that should be 43,038 miles on 26 Oct 2022

I have tried to contact the place which did the MOT but they look to have closed down

It was MOT'd at

**ROSEHILL GARAGE WALTHAM CHASE LTD**  
**WINCHESTER ROAD**  
**WALTHAM CHASE**  
**SOUTHAMPTON**  
**SO32 2LX**

Hope this is clear and useful 🙏

Please can you amend your records to remove the Mileage Discrepancy marker

This has clearly been a input error and miss read as Kilometres NOT Miles

Attached is a full pdf of all the paperwork we hold for this 1 owner full landcover service history car  
Including a letter from Sinclair LandRover Ludlow

The Mot report shows 73,038 26 Oct 2022 This is clearly in Kilometres the conversation is 45,383 Miles

This input should be 45,383 now all corresponding dates and mileages are correct.

This is supported by LandRover service visits and history (attached) 21 -7 -2022 41,753 miles

Please amend as a matter of urgency

Robert @ Pickering Cars
